

Ladies Bible Study
Spring 2018
We are LUTHERAN Women – Back to the Basics

This spring, we will be using the book by Daniel Erlander to study the Word and it's relativity to the Lutheran way of living. By the way, did you know that the term "Lutheran" was probably first used by Martin Luther's enemies to label his followers? In 1522, Luther attacked this use of his name, desiring that all followers of Christ simply be called "Christians". The name, however, stuck and we are part of that movement called "Lutherans". This study will be geared towards learning more about what we believe and do as the body of Christ and where all of this comes from.

Please join us at 301 Honey Tree Drive, Lexington, SC 29073.
